STRONG WITH THE
WORKING PEOPLE

Representative of Organized
Labor Pays High Tribute
to A. McSweeney

That the representatives of organized labor in San Mateo county endorse the candidacy of Ambrose McSweeney for Tax Collector is shown by the following from the columns of the San Mateo Labor Index: Judge A. McSweeney of South San Francisco received the Republican nomination for the office of tax collector by a tremendous vote. While his election is conceded, he is nevertheless a tireless worker, being bent on meeting every voter in the county. He is making a clean, independent campaign, and is popular with all parties, which is evidenced by the fact that he is the regular nominee of the socialists and received a highly complimentary endorsement from the Democrats. He is not the less a favorite with the trades-unionists, for every one who knows him is his earnest supporter. For the convenience of taxpayers in the outlying districts, Mr. McSweeney states that, in case of his election, he will visit them and collect their taxes.

CHAPTER 320. An act to provide for the issuance and sale of state bonds to create a fund for the improvement of San Francisco harbor by the construction by the board of state harbor commissioners of wharves, piers, state railroad, spur, betterments, and appurtenances and necessary dredging and filling in connection therewith in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; to define the duties of state officers in relation thereto; to make an appropriation of five hundred thousand dollars for the purpose of sinking said bonds; and to provide for the submission of this act to a vote of the people.

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of wharves, piers, seawall, state railroad, spur, betterments and appurtenances and necessary dredging and filling in connection therewith in the city and county of San Francisco, the board of state harbor commissioners are hereby empowered to cause to be issued, in the manner authorized by law, and at a cost not to exceed nine million dollars, the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided in section 19 hereof, prepare nine thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of nine million dollars, and said bonds shall bear interest at the rate of four per cent per annum, from the date of issuance thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer at the expiration of seventy-four years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of July, A. D. nineteen hundred and eight, and shall be made payable on the second day of July, nineteen hundred and eighty-five, and shall be redeemable by lot on or after the second day of July, and on the second day of July, of each year after the date of the said second day of July, nineteen hundred and eighty-five, until the principal and interest thereon shall have been paid in full. The first payment of interest shall be made on the second day of July, nineteen hundred and eighty-five, and on so many of said bonds as may have been drawn by lot on that date. All bonds issued shall be signed by the governor and countersigned by the state treasurer and the said bonds shall be so signed, countersigned and endorsed by the officers who are in office on the second day of July, 1910, and the said bonds shall have the seal of the state stamped thereon. The said bonds, when signed, countersigned and endorsed as herein provided, shall be valid and binding obligation upon the State of California, though the sale thereof be made at a date or date later than the date of the said bonds, and the person signing, countersigning and endorsing, or any of them, shall have ceased to be the incumbents of such office or offices. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and eighty-five.

In addition to the notice so published, the said state treasurer may give such further notice as he may deem advisable, but the expense of such additional notice shall not exceed the sum of five hundred dollars (\$500.00) for each sale so advertised. The cost of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly presented and cashed, and the proceeds of the sale of such bonds except such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said treasurer into the treasury, and must be used exclusively for the construction of wharves, piers, seawall and appurtenances and necessary dredging and filling in connection therewith on the water front of the city and county of

CITY OFFICIAL PAPER

D. M. O'KEEFE, Editor and Proprietor.
Vote for Judge Sloss for Supreme Court.

Now of all times, California needs to return a ruling Republican majority—and that she will do it is assured.

"Call it what you will—insurgency, progressiveness or new nationalism—it is California's destiny"—Hiram Johnson.

Judge Sloss was endorsed for the Supreme bench by the highest vote of the Los Angeles Bar Association. Vote for him.

A vote for Hiram Johnson for Governor means a vote for purification of our state politics from the domination of corporate control—for the elimination of the Southern Pacific from the business of law making for the people.

The fact that no law could be found in the conduct of the County Auditors office during the past four years is a guarantee that W. H. Underhill is a competent officer. That is the sort of a man to keep in office and he will be reelected by a large majority.

What the people want in the office of Sheriff is a man who will enforce the law as it is with equal justice to all. Not a man who is constantly looking for a "record" at the expense of some unoffending citizen. Such a man is Robert S. Chatham, the Republican nominee.

Clarence Hayward wears a broad smile these days. He has no opposition for assessor. It does not make much difference anyway, as Clarence has too many friends throughout the county who are making it their business to see that he does not lose a vote.—Halfmoon Bay Review.

D. E. Blackburn is certain of reelection in the Fifth township. This is as it should be for he has given the people a good administration and fine roads. He is a college graduate, intelligent, bright and possesses a keen grasp of all public questions. He is a shining light of the board of supervisors.

A vote for Ambrose McSweeney for Tax Collector means a vote for efficiency in public office. In every position with which Mr. McSweeney has been entrusted he has demonstrated his ability and faithfulness to the trust imposed. The people of the county know him and will place him in office by a big majority.

The popularity of P. P. Chamberlain was fully attested by the primary election. Not only did he receive the full strength of the Republican vote, but he was given a large complimentary vote on the Democratic ticket, notwithstanding the fact that a member of that party was in the field earnestly seeking the vote of the party. And of course those Democrats who voted for him last August will vote for him on the 8th of next month.

Mr. Chamberlain desires to succeed himself as County Treasurer. During the many years that Mr. Chamberlain has held the office of County Treasurer there cannot be one word said against him in the conduct of his office. He has made friends by the hundreds and is today well termed "the strongest man of any political party in the county." His election is a foregone conclusion and it would be a just reward for his past years of faithful service.—Halfmoon Bay Review.

W. J. Eva has retired from the race for supervisor of the second township. This insures the election of Maurice Powers, the Republican nominee. Mr. Powers is well fitted for the position he will be called upon to fill. He is a man of executive ability, honest and a good road builder and above all, a man of character. The voters of the second township will do well in giving him a rousing majority. His services well at the hands of the people of San Mateo whom he served so well as mayor.

Robt. S. Chatham, republican nominee for sheriff, was in this city on Wednesday, "Bob" is making an active canvass and feels confident he will win by a large majority. The work in the sheriff's office has increased very materially during the last four years and no additional help has been employed. He has made a competent official, with the means at his command. Personally, he is very popular, and numbers his friends by the hundreds in this county as well as elsewhere in California. Citizens will make no mistake in voting for Bob Chatham for sheriff.—South San Francisco Enterprise.

No man in San Mateo County deserves more of its people than does P. P. Chamberlain. For many years he has served them faithfully as a public official, never for a moment falling in the trust reposed in him. But not only has he made a good official, but more than this he has been a good neighbor. No man in the county has been more ready to heed the call for true friendship and sympathy. Never has he been appealed to in vain for aid for the needy or afflicted. These are the things which make for a true man true friends, and friends of this sort Mr. Chamberlain has without number. These are traits which entitle a man to every consideration of honor from his neighbors.

SUPERVISORS HOLD MEETING

Business of Session Is Confined to Routine Transactions

The board of supervisors held a short session last Monday. In the absence of P. H. McEvoy, D. E. Blackburn was chosen temporary chairman.

A report was received from Public Administrator Plymire showing what disposition had been made of the personal effects of certain deceased persons. The report was discussed.

A communication was received from A. C. Hellman, calling attention to the dangerous condition of the bridge crossing the Cordilleras creek back of Wellesley Park. The matter was referred to Coleman in whose district the bridge is located.

A communication was received from the clerk of the Redwood City board of town trustees, requesting that concrete gutters be placed on the streets surrounding the courthouse property, it being the intention of the city to have the streets paved with macadam and oil. The communication was referred to McEvoy on motion of Coleman, seconded by Casey.

A communication was received from Ernest A. Mott, calling attention to taxes paid by A. G. McFarland during a long period of years on 120 acres in the Second township, which taxes aggregated \$994.85. Mr. Mott alleged that the land in question was government land and contended that the money paid by McFarland should be returned to him. The communication was filed.

A communication was received signed by M. Stacken and others of the Homestead, in the Second township, asking the board to define First Avenue, it being the intention of the petitioners to beautify the street. The communication was referred to Surveyor J. V. Neuman.

The clerk was directed to answer the communication of the Woman's Club of Burlingame and give the information required. The ladies want to know how to exterminate mosquitoes. Bids were opened for installing necessary lamps and wires and lighting what is known as the San Bruno highway lighting district as follows: South San Francisco Power and Light Co., for 159 40-watt Tungsten lamps, per year, \$2766.60, payable monthly.

For the Colma Lighting district the same company bid for 267 lamps and the necessary poles, wires, etc., \$4645.80 per year, which sum is to be paid in twelve monthly installments.

The bids were accepted and in the first instance a bond of \$1000 was exacted and in the second \$1500.

The following bids were opened for the erection of a concrete bridge near San Gregorio: John Savage—\$2400; extra concrete per yard, \$14; time required for completion of work, 60 days.

E. R. Mitchell—\$2500; extra concrete, \$9; time 60 days.

The contract was awarded to Mitchell on motion of Coleman seconded by Casey.

Mrs. Kate Manning, an indigent person of the First township was allowed temporary aid in the sum of \$8 per month.

Donald MacKenzie, the superintendent of the courthouse, desired to know who had charge of the cement work being done on the courthouse grounds. He supposed it was a part of his duty and if he was connected with it he wanted to know it. John O'Farrell, who had furnished the plans for the work had refused to let him see the plans. Mr. O'Farrell explained that he had been appointed by Mr. McEvoy to superintend the job and was following his instructions. It was alleged that the contract named O'Farrell as superintendent.

The request of the sheriff to have a safe installed in his office was referred to the supply committee.

H. W. Lampkin, the Republican nominee for Justice of the Peace for the Third township, is a young man who deserves the support of the people of this community. While earning his own living and supporting a family he has constantly sought to improve his mind, until now he is thoroughly competent for the position he seeks in order that he may find opportunity for further improvement.

REMINISCENCES OF PIONEER DAYS

Gleanings From the Records Left by the Men Who Laid the Foundation of San Mateo County Institutions

The first mention of what is now the description particularly fits the town of Burlingame, not because location so much as in the use of the name, appears in an article in the Gazette of October 30th, 1875. In the report, which is headed "Work at Burlingame," it is stated that tree planting will be continued in the fall according to the information given out by Charles Gontzhead, the head gardener in the employ of William Sharron and Mrs. Ralston. It was intended to plant 50,000 young trees, completing all the avenues west of the county road and marking the boundary lines of single lots. The trees to be used were gum, pines, cypress, cassia, and poplars. It has been found that much of the ground was so strongly impregnated with alkali that the trees previously planted had failed to grow. This was remedied by the hauling of a large amount of soil and a system of drainage. Evidently friend James Crowe was alive to all chances in his line in those days, as appears from the following item in the same issue of the Gazette: "James Crowe is never idle. In connection with the business of an undertaker he takes orders for grave stones and monuments, having been appointed agent for the firm of Muldoon, Bullett & Co. Already he has contracted for two monuments to be erected in the cemetery near this place within one year."

On the 5th of February, 1876, another, and a sweeping change was made in the publication of the Gazette, was announced, and with that issue this paper appeared under the title by which it has ever since been known. Not only was there a change in the name, but the paper also appeared under a new management. H. N. Nutting succeeding Duncan McPherson in the editorial control, and the ownership passing to the "San Mateo Publishing Company." At that time the Gazette was consolidated with the San Mateo Times, a paper which had for some time been published at the town of San Mateo, and for whose editor and proprietor Editor McPherson had exhibited a far from friendly feeling, apparently due to business antagonisms, as for a time the Times seems to have captured almost entirely the patronage of the oard of Supervisors. Even with this public patronage, the Times seems to have been hardly a satisfactory venture, probably due to the fact that at the time the population was hardly sufficient to support a paper at some distance from the county seat. With the consolidation and new management, no change was made in the conduct or policy of the paper. Always a Republican, Mr. Nutting naturally continued its adherence to the principles of that party, and as an old resident of the town and one long identified with the interests of the county he but continued in the footsteps of his predecessors. For a time after this consolidation the paper was called the "Times and Gazette," the substitution of the present hyphen for the word and

being made later. On the 14th of February, 1876, P. P. Chamberlain entered upon the business career which has since made him one of the best known and most prominent men in San Mateo county, as well as one of the most substantial citizens of Redwood City. On that date, he, with W. J. Wilcox as a partner, purchased from William Koch, the business which he has so successfully conducted, the firm then being known as Chamberlain & Wilcox, and the place of business as now, "The Old Pioneer Store." The following notice of the change in business, taken from the columns of the Times and Gazette in its issue of February 19th, perhaps gives the best possible idea of the standing of the two men of the new firm in the community at that time: "Chamberlain and Wilcox, a new firm, composed of P. P. Chamberlain and W. J. Wilcox, have purchased the stock of William Koch at the Pioneer Store and entered into possession last Monday. They have been long and favorably known in this town, the former as salesman for Sloanaker and later for Koch in their present place, and the latter as clerk and later proprietor of the Pioneer Drug Store and postmaster. Their business experience and capacity bespeak for themselves and those qualities combined with pleasing manners and integrity promise fair dealing and satisfaction to their customers. Wells, Fargo & Co.'s office will remain with the firm and the post-office will be removed to the store in a few days. They will explain everything in an advertisement next week." Ever since that time Chamberlain has done business at the same old spot, in the same old building, and as the years have gone by he has prospered. And he has done business in the same old way, with that honesty and courtesy of treatment which has held old friends and made new ones. And to his honor be it said that his prosperity is due to good business thrift and management, not to penuriousness nor the innate desire for hoarding. At all times he has been ready to share the fruits of his prosperity with his less fortunate brother, and never has a needy one been turned empty handed away.

FOR CLEAN JUDICIARY

Political Affiliations Should Have No Place in Selection of Judicial Officers.

The Republican State Central Committee officially opened the November campaign by an appeal to Republicans throughout California to stand loyally to their party principles and nominees and thus to insure a triumph for those men and measures which, experience has proved, means most for the progress and prosperity of the state. This appeal is the most significant bit of political news of the week.

It means that the hopes of the Democracy of winning against a disorganized and demoralized Republican host has been destroyed. The Republican party is again a united force. When the primary election polls closed factionalism in the Republican ranks ceased. Partisanship has been forgotten and the rivalry of the candidates for nomination has given place to a determination to elect the men who were chosen by popular demand to lead the party into final contest.

The action of the Republican State Central Committee has been dictated by a state wide demand that the decision of the Republican voters, made after a long and emphatically fair test shall bind the conscience of each Republican elector in November. This is the sentiment of all factions and of all who gave their allegiance to particular candidates. The primary election was a fair fight and opinions, which have been sent from every part of California to Republican headquarters, are unanimous in declaring that those who were victors by popular choice shall now receive a well merited loyalty at the general election.

This natural condition of affairs in the Republican ranks has created consternation among the Democrats who were nursing a vain hope that petty antagonisms among their opponents might result in a Democratic victory. The assurance of Republican unity has particularly upset the schemes of Democratic politicians in reference to judicial nominees.

News from every section in the state demonstrates that Republicans, in united force will vote for their nominees for Superior Justice, Judges Melvin and Sloss. Judge Melvin has proved beyond question his right to succeed himself. His wide experience in every department

JUDGE HENRY M. MELVIN

Republican nominee, Justice Supreme Court of the law makes him a judicial officer whose services are admittedly of inestimable value to the state. His learning is the fruit of a complete education and twenty years of legal experience. His probity is not even discussed in unfair criticism. Intellectually and morally he has achieved the distinguished bench of which he is a member. It is inconceivable that politics will be permitted to enter into a contest in which the candidacy of Judges Melvin and Sloss is the issue. Democrats as well as Republicans will vote for both.

Arrangements are well under way for the reorganization of the fire department upon a practicable and efficient basis. A meeting of the firemen was held last Saturday evening for this purpose. This time the department is to be directly under the control of the city trustees, who have appointed City Marshal Knees to act as chief, and Trustee Cunningham as secretary.

The council has declared the office of poundmaster vacant. This looks like a new deal some where. People in this section are rather surprised that any one should take seriously the idea of an opposition to the reelection of P. P. Chamberlain. In this section there is not the slightest doubt that Chamberlain will be elected treasurer by the largest majority on the ticket. He will get a big Democratic vote here.

Every voter you meet in South City, regardless of his politics is whooping it up for Judge McSweeney. He will get a practically unanimous vote here.

Getting out too quickly resulted in a set back and compelled him to take to his crutches for a second time. His friends are making his fight for him and there is no fear but that his election is safe enough.

It is understood that George Debenogetti will soon commence the erection of a two story store building on San Mateo avenue. This means that he intends to resume business here.

Judge McSweeney's friends are making an active fight for him in this section, and almost every body is a friend of the good natured McSweeney. It is a safe bet that he will be the next Tax Collector by a big majority.

Sheriff Chatham was up this way the first of the week circulating his announcements among the voters. People of this section are well satisfied with his conduct of the sheriff's office during the past four years, and the sentiment in favor of his return for another term is decidedly strong.

FROM THE COAST SIDE

Moss Beach.
The latest social feature of Moss Beach is a Book Club, which has been formed by the ladies as a provision for winter enjoyment.

Books have been provided by the contribution of members of the Club, and it is also planned to add several social features.

County Treasurer Chamberlain was a visitor at the coast side last week, circulating campaign literature. Apparently there is but little for Mr. Chamberlain to do in this section, as the people here consider his reelection a foregone conclusion. They have abundant faith in his integrity, and in the office of treasurer they are satisfied with a man who has been long tried and never found wanting.

G. O. Rich has recently purchased a fine herd of Holstein cows and will enlarge his dairy facilities.

Friends of R. S. Chatham have been making a close canvass of this section and feel confident of his reelection to the Sheriff's office by a handsome majority. It is generally admitted that Chatham has made an exceptionally good record as sheriff.

Marine View.

Mr. and Mrs. Risso of Burlingame were guests at Mr. Inne the first of the week. They certainly enjoy the excellent abalone fishing.

The joke of the season here is the attempt of a Democratic opposition to P. P. Chamberlain for county treasurer. In the first place Chamberlain stands too high in the estimation of the people of the county to make his defeat possible. And in the next place every body has the highest confidence in his ability and fitness for the office.

One of the prettiest sights of the season is the large number of California poppies that are in bloom.

Halfmoon Bay.
The indications now are that the danger from the threatened epidemic of diphtheria has passed. Through the efforts of Dr. Brooke the spread of the disease has been stopped and no new cases are reported, while the old cases are under control.

Things look like Halfmoon Bay was to have a big boom within a short time. Several companies are now in the field developing the oil prospects in this vicinity with good indications for success. In addition to this several other enterprises are being developed.

There will be a big Republican rally at this place next Monday evening. Among the speakers will be Congressman E. A. Hayes. There will be some good music by the Halfmoon Bay band boys and a big turnout is expected.

It looks as if Bob Chatham will have a big majority for Sheriff in this section. Everybody thinks that he has made a good record during his term and should be given a reelection. The experience of the past four years will be a great advantage. The people don't intend to turn this important office over to the Democrats.

CAFE CHANTANT MAKES PLEASANT ENTERTAINMENT.
The Redwood City Woman's Club Provides an Enjoyable Evening

The "Cafe Chantant" given by the Redwood City Woman's Club on Friday evening of last week at the Alhambra Theatre was one of the most successful social events lately presented in Redwood City. The pleasant and unique affair was planned by a committee of the club composed of Mesdames C. E. Cumbers, Geo. B. Yount, Geo. Squires, John Read, Geo. Gunther and C. G. Landscheidt. Mrs. Yount was chairman of this committee and it was largely due to her efforts and the assistance of a number of sub-committees that the affair reached its entertaining climax.

The large hall was profusely decorated with palms, geraniums and greenery under the direction of Mrs. Squires. Handsomely decorated tables scattered about the hall added much to the attractiveness and afforded means of displaying dainties which were well patronized.
